EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joel Lehrer on 22 July 2005.

The application has been amended as follows:

Cancel claim 55.

Allowable Subject Matter

Claims 1-54 are allowed.

The following is an examiner's statement of reasons for allowance: In combination with the claimed subject matter, the prior art does not teach or fairly suggest associating narrated clips with visual slides via a telephone and over a communications network as part of a synchronized slide presentation. The closest prior art, U.S. Patent No. 6,784,899 B1 (Barrus et al), teaches associating narrated clips with individual multimedia messages.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
